PRODUCT SUMMERY

COSMIC+ wall mounted enclosures are a thoughtfully designed and easy to mount, solutions for any critical IT & communication infrastructure. All enclosures are fabricated from CRCA steel (sheet metal), followed by various processes i.e., punching, bending, fabricating and then finish goods with powder coating.

Configurations of standard racks are bolted frame integrated with side panel and vented top cover. Rear side of the rack provided the provision to mount rack on the wall.

FIELD OF APPLICATIONS

- ▶ Networking & Data center applications
- ▶ Security and surveillance systems
- ▶ Domestic application (IT Infrastructure)
- ▶ Broadcast & Audio - Video segment
- ▶ Telecommunication & Lab applications
- ▶ Manufacturing & Processing Industries
